

fine view of the mountains north
 and west. Here is the Hazen Spring
 which is rapidly becoming known, with
 the water as ever traveler drank.
 To the top of the hill just above Sum-
 mit Spring in Harrison is a drive of eight
 miles, with a grand view of the White
 Mountains and the intervening hills, and
 a few miles beyond is the little village of
 Marlton. A pleasant, country hotel
 will give the traveler a good dinner
 at a low price.
 A fine ride may be had ten miles to
 the west.

THE ADDRESS —————

N. (2027) Norway, M

[illegible]

The readers of the Advertiser will be glad to learn that there is at least one carriage that science has been able to construct so strong and yet so comfortable. Half Price Carriage is the only complete car now known in the medical community. It contains every salutational treatment. Halls Carriage is sold at a low price, owing to the fact that it thereby deprives the patient of the advantages of the medicinal externally. The construction of the carriage is such that it can be used by the patient without any faith in its curative powers or in the office of the doctor. It is a great relief to the sick to have a vehicle for their own use. Send for full list of treatments.
